

**NEW AUSTOFT  
8000 AND 8800  
AUSTOFT CANE  
HARVESTERS**

- More Productivity
- More Capacity
- More Comfort
- More Visibility
- More Precision

For more than 50 years, the Case IH Austoft brand has been the leader in sugar cane harvesting systems. Case IH's continued focus on product development and providing solutions that exceed the demands of growers across the world means higher productivity, more comfort and more profit for your operation. **CASE IH - FOR THOSE WHO DEMAND MORE.™**

# ALL NEW

▲ Excellent **all round visibility** gives you the control you need. The deep windshield enables an optimum view of the harvester front. The joystick provides **precise control** and optimum comfort to enable key functions. **High-comfort** training seat and easy access to colour monitor ensures immediate access to the support and information you need.

◀ Case IH has continuously invested in improved and simplified hydraulic systems. The high-strength chassis and proven gearbox design ensure durable, high-performance operation in even the most difficult conditions.

New more **powerful choppers** and improved hydraulic circuit design delivers better power, performance and control.

## SPECIFICATIONS

### CROP DIVIDERS

Distance Between Points	1.5 - 1.8m
Vine Knives	Standard
Side Trim Knives	Standard
Live Toe	Standard

### TOPPER

Adjustable Height	960 - 4000mm
Shredder	Optional

### BASECUTTER

Centre To Centre Distance	630mm
Auto Tracker	Standard

### FEED ROLLERS

Drive	Hydraulic, reversible
Number Of Rollers	12
Roller Width	900mm

### CHOPPERS

Drive	Hydraulic, reversible
Drum	380mm center to centre distance 4 blade drums

### EXTRACTORS

Primary (Anti-Vortex Fan)	1280mm
Secondary	940mm

### ELEVATOR

Width	860mm
Total Turning Angle	170 degrees
Elevator Slew System	Heavy Duty

### ENGINE

Case IH 8.7L	353 hp (260kW)
--------------	----------------

### TRANSMISSION

Type	Hydrostatic
Operation	Electronic

### CAPACITIES

Fuel Tank	480L
Hydraulic Fuel System	480L

◀ Case IH offers a range of industry-leading innovations that put more profit in your pocket. The **Anti-Vortex** cleaning system strips much more trash from the billets than alternative systems. **A new rotary air screen** brings a better flow of air into the cleaning systems.

Other enhancements include live toe crop dividers, Standard Automatic Base Cutter Height Control and AFS AccuGuide autoguidance ready.
